

Allergy Testing in The Ashe Street Clinic

We can test for sensitivity to the following:

- Food Allergies – milk, wheat, eggs, nuts, seeds, fish, shellfish, etc
- Animal dander – cats, dogs, horses, rabbits, feathers, etc
- Pollen – trees, grass, weeds, etc
- Mould
- Dust
- House Dust Mite
- Gluten
- Contact allergies to make-up, jewellery, clothing, chemicals, latex, rubber, metals, etc

Testing is suitable for people with: Food Allergies, Food Intolerance, Coeliac Disease, Irritable bowel, Bloating, Diarrhoea, Asthma, Allergic Rhinitis (Hayfever), Allergic Conjunctivitis, Eczema, Dermatitis, Urticaria, Anaphylaxis.

Testing includes some of the following:

First visit with Dr Buckley:

- A detailed history to see what tests are required.....
- A full allergy examination by Dr David Buckley..... €140
- Blood allergy testing for foods, animal dander, pollen, house dust mite, etc.....

Second visit with the Nurse:

- Skin prick testing for foods, animal dander, pollen, house dust mite, etc..... €140

Follow-up visit with the Doctor:

- Exclusion diets for food allergies and food intolerances..... €110

Follow-up visit with the Nurse:

- Skin patch test for eczema or dermatitis* €260

*Skin patch test requires three visits to the Nurse – (Monday, Wednesday & Friday in the same week)

For definitive answers and reliable, consistent, medical advice, have your allergies professionally investigated by Dr Buckley and his team, who specialise in skin and allergy problems and solutions. Prices are subject to change without notice. (February 2023)
