

Allergy Testing in The Ashe Street Clinic

We can test for sensitivity to the following:

- Food Allergies – milk, wheat, eggs, nuts, seeds, fish, shellfish, etc
- Animal dander – cats, dogs, horses, rabbits, feathers, etc
- Pollen – trees, grass, weeds, etc
- Mould
- Dust
- House Dust Mite
- Gluten
- Contact allergies to make-up, jewellery, clothing, chemicals, latex, rubber, metals, etc

Testing is suitable for people with: Food Allergies, Food Intolerance, Coeliac Disease, Irritable bowel, Bloating, Diarrhoea, Asthma, Allergic Rhinitis (Hayfever), Allergic Conjunctivitis, Eczema, Dermatitis, Urticaria, Anaphylaxis.

Testing includes some of the following:

- A detailed history to see what tests are required.....
 - A full allergy examination by Dr David Buckley.....
 - Blood allergy testing for foods, animal dander, pollen, house dust mite, etc.....
 - Skin prick testing for foods, animal dander, pollen, house dust mite, etc..... €110
 - Exclusion diets for food allergies and food intolerances..... € 85
 - Skin patch test for eczema or dermatitis* €210
- (* Skin patch test requires three visits to the surgery - Monday, Wednesday & Friday)

For definitive answers and reliable, consistent, medical advice, have your allergies professionally investigated by Dr Buckley and his team, who specialise in skin and allergy problems and solutions.
